Getting your charity started on Givezy

What happens, what to prepare, and the details we need from you. One short pack, in plain words.

Draft for Yehuda to review, 10/11/2026

For the director or administrator of a charity joining Givezy. Read pages 2 to 6, then fill in pages 7 to 10 on screen and send the file back to us. Page 11 is your go-live checklist.

Words in square brackets are still to be filled in by Givezy.

About Givezy

What Givezy does for your charity

Givezy is a South African website and app for giving to registered charities. People find your charity, give once or every month, and keep every gift and s18A receipt in one account.

Checked by a person

A person looks at each charity's registration documents and bank details before it can take a gift. That check is what donors trust.

Listing is free

There is no sign-up or monthly fee. The card provider's fee comes off each donation, and the rest goes straight to your charity's own bank account.

s18A receipts made for you

If your charity is approved to issue s18A receipts, your donors' receipts are made for you, one for each donor each tax year (1 March to the end of February).

Donors stay yours to thank

You see what you need to thank donors and record their gifts. You never see a donor's ID number, and a donor can give anonymously.

Your charity dashboard

One place to see your donations and donors, thank donors, email them news or an appeal, follow your deposits into the bank, and print a QR poster or add a give button to your own website. Nothing to install.

How people give

Donors pay on the card provider's own secure page. Givezy never sees a card number and never holds the money. The smallest gift is R30. A donor can add an optional contribution to Givezy, shown on its own line before they pay.

The steps

Seven steps, about 10 working days

Our target is 10 working days from your signed agreement to going live. Stages 3 and 5 run side by side, so a slow document never holds up your donor list.

#	Stage	Who	When
1	Meet and demo	Givezy	Before day 0
2	Agreement and kickoff	Givezy and you	Day 0 to 1
3	Documents and checks	You send, we check	Day 1 to 5
4	Account setup	Givezy	Day 3 to 6
5	Donor list	You prepare, we import	Day 2 to 7
6	Training and test gift	Both	Day 7 to 9
7	Go-live	You, with our support	Day 10

We move to the next stage only when the current one has passed its test, shown below as "Done when".

1. **Meet and demo.** We confirm your charity is a registered NPO, NPC or trust, and whether it has PBO and s18A status. You name a main contact and a finance contact.
   Done when we both agree it is a fit.
2. **Agreement and kickoff.** We send the service agreement, the data processing agreement and this pack. An authorised director or trustee signs. A 30-minute kickoff call sets your dates.
   Done when both agreements are signed and your go-live date is set.
3. **Documents and checks.** You fill in pages 7 to 10 and send the documents on pages 5 and 6. We check each one against the public registers and the bank, and send anything missing back as one list.
   Done when every item is marked verified.
4. **Account setup.** We create your account, load your profile and campaigns, set up your logins, set up your s18A receipt with your PBO number and signatory, and connect your verified bank account. You approve your public profile in writing.
   Done when your profile is approved and your finance contact has signed off the receipt.
5. **Donor list.** You prepare your donors using our template (page 10) and confirm they can lawfully be contacted. We check the file, send back a list of any errors, import the clean file and give you totals to match against your own records.
   Done when your totals match.
6. **Training and test gift.** A 60-minute session for your team on the dashboard, adding donors, campaigns, reports and s18A receipts. Then we make one small real gift from start to finish.
   Done when the test s18A receipt is right in every field and the money reached your bank account.
7. **Go-live.** We make your charity live and visible, and give you a launch email, a WhatsApp message and a QR code. You tell your donors.
   Done when your first gift arrives.

After go-live

A check-in at 30 days to hear what is working and what is not. After the tax year ends (end of February) we make your s18A receipts for the year.

Checks and files

How we check, and how to send documents

We check against the source, not only the PDF you send, and we keep a record of every check: the date, who did it and the result.

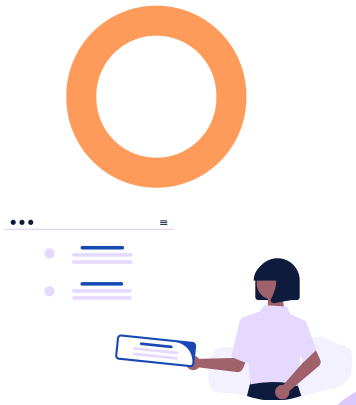

What we check	How	If it fails
Your NPO is registered and in good standing	NPO register search by your NPO number; the name must match	We cannot go live
Your company is active (NPCs)	CIPC search; directors match your list	We query it with you
PBO and s18A status are current	SARS approval letter, and your TCS PIN on eFiling	You go live without s18A receipts until it is sorted
The bank account is yours	Bank confirmation letter, and a check of name, number and branch with the bank	No payouts until it is sorted
Your signatory may sign	Name is on your director or trustee list and the board resolution	We ask for a new resolution
Identity of signatory and contact	Certified ID matches the details you gave	We ask for a new copy
You may fundraise	We read the objects clause of your founding document	We query it with you
Photos of identifiable people	You confirm you have consent, especially for children	We remove the photo

Sending documents

- PDF is best. A phone photo (JPG or PNG) is fine if all four corners and every word are clear.
- Up to 4 MB per file, and one document per file.
- Name each file like this: **CharityName_DocumentType.pdf**, for example Sample_NPO_Certificate.pdf.
- Certified copies must be certified in the last 3 months. Bank letters and proof of address must also be less than 3 months old.

Keep these off email. Please do not type ID numbers, your bank account number or your SARS TCS PIN into this PDF, and do not email them. They go through Givezy's secure application, and we will walk you through it on the kickoff call.

Later changes: if you ever change your bank account, we need a new bank letter and a signed request from an authorised signatory before payouts move. This protects you from fraud.

What to prepare

Your documents and details, part 1

Typed details go on pages 7 to 10. Documents are sent as files. "If applicable" items become required when your charity has that status, for example s18A.

Legal registration

Item	Needed	Format
Legal name and trading name	Required	Typed Exactly as on your registration documents
Type of organisation	Required	Typed NPC, voluntary association or trust
NPO registration certificate	Required	PDF Your NPO number is also typed, like 123-456 NPO
CIPC registration certificate	NPCs	PDF Registration number typed, like 2020/123456/08
Founding document: MOI, constitution or trust deed	Required	PDF, signed Trusts also send the Letter of Authority from the Master
Physical and postal address	Required	Typed Printed on s18A receipts
What your charity does	Required	Typed, up to 500 words Shown to donors in the app

Tax status

Item	Needed	Format
SARS PBO approval letter (section 30)	If applicable	PDF PBO reference number typed
s18A approval (in the SARS letter or separate)	If applicable	PDF Without it, donors get normal receipts, not s18A receipts
Tax Compliance Status (TCS) PIN	If you are a PBO	Secure application only We verify on SARS eFiling. Refreshed every year
Income tax reference number	If applicable	Secure application only 10 digits
A recent s18A receipt of yours	If applicable	PDF So we can match your wording and numbering
The last receipt number you issued this tax year	If applicable	Typed We carry on from it so numbers stay unique
Your registered representative on SARS eFiling	If applicable	Typed Name only
Latest annual financial statements	Optional	PDF Builds donor trust. Shown as a badge if you send it

What to prepare

Your documents and details, part 2

Banking and people

Item	Needed	Format
Bank confirmation letter	Required	PDF, stamped or digitally issued Less than 3 months old, in your charity's legal name
Bank, branch code and account type	Required	Typed Must match the letter. The account number goes in the secure application
List of directors, trustees or committee	Required	Typed Name, role, email and mobile. No ID numbers here
ID of your signatory and main contact	Required	PDF, certified copy Smart ID card: both sides
Proof of your charity's address	Required	PDF Less than 3 months old: a utility bill, lease or bank statement
Board resolution authorising Givezy	Required	PDF, signed Template from Givezy. Names who may sign and who may use the account
Signed receipting mandate	Required	PDF, signed Template from Givezy
Who needs a login	Required	Typed Name, email, mobile, and Owner or Admin

Your public profile

Item	Needed	Format
Logo	Required	SVG, or PNG with a clear background At least 1000 by 1000 pixels. We also need a square version for the app icon
Brand colours	Optional	Hex codes Up to 2, for example #1A6B4F
Cover photos	Required	JPG or PNG 3 to 6 photos, at least 1600 by 900 pixels. You confirm you have consent from anyone you can recognise
Short description	Required	Typed, up to 160 characters Shown on your charity's card
Your story	Required	Typed, 150 to 500 words
Campaigns at launch	Optional	Typed Name, goal in rand, start and end dates, description
Website and social links	Optional	Typed
Public email and phone	Required	Typed Shown to donors

Your donors and past gifts

You do not have to move your donors to Givezy, but it saves you re-typing and lets you thank and email them from your dashboard.

Your donors today

Roughly how many donors do you have?

Where are their details now?

Choose

How do your donors give today?

- [ ] EFT
- [ ] Card
- [ ] Debit order
- [ ] Cash

Your donor file

We give you a template (a CSV file that opens in Excel) in your dashboard. One row for each donor, with these columns:

First name · Surname · Organisation · Email · Phone · Address · Address line 2 · Suburb · City · Postal code · Note · Tags

A row needs a name or organisation and an email. Phone and address can stay empty. We check the file, send back a list of any rows that did not work, and you fix them in your own file.

Gifts from before Givezy

If you want past gifts on record, we give you a second template. One row for each gift, from the start of this tax year at least:

Date · Amount · Method · Donor type · First name · Surname · Organisation · Registration number · Email · Phone · s18A · ID number · Tax number · Address · Address line 2 · Suburb · City · Postal code · Campaign · Reference

Write dates as dd/mm/yyyy, for example 05/03/2026. Write amounts in rand with numbers only, for example 1250.00. For an s18A receipt we need the donor's name, address and ID or registration number.

- [ ] I confirm our donors gave their details to us lawfully, and that we may contact them about our work.

Go-live

Your go-live checklist

We tick these off with you. When every box is ticked, your charity goes live.

- [ ] Service agreement and data processing agreement signed
- [ ] All required documents verified
- [ ] Bank account verified and payout set
- [ ] Profile, logo, photos and campaigns approved by you
- [ ] s18A receipt signed off, or s18A switched off
- [ ] Receipt numbers carry on from your last number
- [ ] Donor list imported and your totals match
- [ ] Logins created and training done
- [ ] Test gift made, with a correct s18A receipt
- [ ] Launch message and QR code sent to you

Sign off

By typing your name you confirm the details in this pack are correct to the best of your knowledge.

Full name

Role

Date dd/mm/yyyy

Send this file back to us

Save the PDF after you fill it in and email it to [Givezy contact email to be added], with your documents. If you get stuck, call or message [Givezy contact number to be added] and a person will help.
